

CLASS ENVIRONMENTAL ASSESSMENT STUDY NOTICE OF STUDY COMMENCEMENT & PUBLIC INFORMATION CENTRE 1

Hamilton

Upper Hannon Creek Master Drainage and Servicing Study

The City of Hamilton has initiated a study to update the Hannon Creek – North Glanbrook Industrial Business Park Master Drainage Plan (June 2010). The purpose of this update is to document the environmental constraints in order to establish the stormwater management needs to accommodate future development based on the City current policies.

The Process: This study is being carried out in accordance with Approach #2 of the Master Planning Process as outlined within the Municipal Class EA (*Municipal Engineers Association, October 2000, as amended in 2007 & 2011*). The Master Plan update is intended to fulfill the Class EA requirements for Schedule B projects that are identified at the completion of this study.

A key component of the study will be consultation with interested stakeholders (public, landowners and regulatory agencies). A Public Information Centre (PIC) will be held to provide interested parties with an opportunity to review and discuss issues related to the study.

Public Information Centre 1: We invite you to attend a Public Information Centre to learn more about the study and the information that has been collected so far. Details are as follows:

Date: Tuesday, March 31, 2015
Time: 5:00 p.m. to 8:00 p.m.
Location: Valley Park Recreation Centre, Rm. (Gym 'A')
970 Paramount Drive, Stoney Creek, ON L8J 1Y2

Public Comments Invited: We are interested in hearing any comments or input that you may have about this study. Comments and information regarding the study are being collected to assist the City of Hamilton in meeting the requirements of the Environmental Assessment Act. This material will be maintained on file for use during the study and may be included in study documentation. If you require further information, or if you have specific comments related to this study, please see contact information below.
