PREAMBLE

5. (1) In accordance with the Act and this by-law, and subject to sections 10 and 11, the Board hereby imposes an education development charge against land undergoing residential development or redevelopment in the area of the by-law if the residential development or redevelopment requires any one of those actions set out in subsection 257.54(2) of the Act, namely:

(a) the passing of a zoning by-law or of an amendment to zoning by-law under section 34 of the Planning Act;
(b) the approval of a minor variance under section 45 of the Planning Act;

(f) the approval of a description under section 50 of the Condominium Act; or
(g) the issuing of a permit under the Building Code Act, 1998 in relation to a building or structure,

where the first building permit issued in relation to a building or structure for below ground or above ground construction is issued on or after the date the by-law comes into force.

(2) In respect of a particular development or redevelopment an education development charge will be collected once, but this does not prevent the application of this by-law to future development or redevelopment on the same property. For greater certainty, an education development charge will be imposed on any additional dwelling unit to be built on the property that is not exempted under sections 10 and 11 of this by-law, and for which an action referred to in subsection (1) is required.

6. (1) In accordance with the Act and this by-law, and subject to sections 13 and 14 the Board hereby imposes an education development charge against land undergoing non-residential development or redevelopment in the area of the by-law which has the effect of increasing existing gross floor area of such development if the non-residential development or redevelopment requires any one of those actions set out in subsection 257.54(2) of the Act, namely:

(b) the approval of a minor variance under section 45 of the Planning Act;
(c) a conveyance of land to which a by-law passed under subsection 50(7) of the Planning Act applies;

where the first building permit issued in relation to a building or structure for below ground or above ground construction is issued on or after the date the by-law comes into force.

(2) In respect of a particular development or redevelopment an education development charge will be collected once, but this does not prevent the application of this by-law to future development or redevelopment on the same property. For greater certainty, an education development charge will be imposed on any additional gross floor area to be built on the property that is not exempted under sections 13 and 14 of this by-law, and for which an action referred to in subsection (1) is required.

7. Subject to the provisions of this by-law, the Board hereby designates all categories of residential development and non-residential development and all residential and non-residential uses of land, buildings or structures as those upon which education development charges shall be imposed.

8. 

(a) Where it appears to the Board that the land values underlying the education development charge calculation are predicting higher costs than the Board is generally experiencing over a period of time sufficient to show the discrepancy with a reasonable degree of assurance, the board shall consider a motion to study amending the By-law to reduce the charge.

(b) Where it appears to the Board that the land values underlying the education development charge calculation for predicting lower costs than the board is generally experiencing over a period of time sufficient to show the discrepancy with a reasonable degree of assurance, the board shall consider a motion to study amending the By-law to increase the charge.

Residential Education Development Charges

9. Subject to the provisions of this by-law, the Board hereby imposes an education development charge of $1,101.00 per dwelling unit upon the designated categories of residential development and the designated residential uses of lands, buildings or structures, including a dwelling unit accessory to a non-residential use, and, in the case of a mixed-use building or structure, upon the dwelling units in the mixed-use building or structure. An education development charge will be collected once in respect of a particular residential development, but this does not prevent the application of this By-law to future development of the same property.

Exemptions from Residential Education Development Charges

10. As required by subsection 257.54(3) of the Act, an education development charge shall not be imposed with respect to:

(a) the enlargement of an existing dwelling unit or;

(b) the creation of one or two additional dwelling units as prescribed in section 3 of Regulation 20/98 as follows:

<table>

11. (1) An education development charge under section 9 shall not be imposed with respect to the replacement, on the same site, of a dwelling unit that was destroyed by fire, demolition or otherwise, or that was so damaged by fire, demolition or otherwise as to render it uninhabitable.

(2) Notwithstanding subsection (1), education development charges shall be imposed in accordance with section 9 if the building permit for the replacement dwelling unit is issued more than 5 years after,

(a) the date the former dwelling unit was destroyed or became uninhabitable; or

(b) if the former dwelling unit was demolished pursuant to a demolition permit issued before the former dwelling unit was destroyed or became uninhabitable, the date the demolition permit was issued.
(3) Notwithstanding subsection (1), education development charges shall be imposed in accordance with section 9 against any dwelling unit or units on the same site in addition to the dwelling unit or units being replaced. The onus is on the applicant to produce evidence to the satisfaction of the Board, acting reasonably, to establish the number of dwelling units being replaced.

(4) Subject to section 16, an education development charge shall be imposed under section 9 where a non-residential building or structure is replaced by or converted to, in whole or in part, a residential building or structure.

Non-Residential Education Development Charges

12. Subject to the provisions of this by-law, the Board hereby imposes an education development charge of $0.35 per square foot of gross floor area of non-residential development upon the designated categories of non-residential development and the designated non-residential uses of land, buildings or structures and, in the case of a mixed use building or structure, upon the non-residential uses in the mixed-use building or structure. An education development charge will be collected once in respect of a particular non-residential development, but this does not prevent the application of this By-law to future development of the same property.

Exemptions from Non-Residential Education Development Charges

13. As required by section 257.55 of the Act, if a development includes the enlargement of a gross floor area of an existing industrial building, the amount of the education development charge that is payable in respect of the enlargement is determined in accordance with the following rules:

(a) if the gross floor area is enlarged by 50 per cent or less, the amount of the education development charge in respect of the enlargement is zero;

(b) If the gross floor area is enlarged by more than 50 per cent the amount of the education development charge in respect of the enlargement is the amount of the education development charge that would otherwise be payable multiplied by the fraction determined as follows:

(i) Determine the amount by which the enlargement exceeds 50 per cent of the gross floor area before the enlargement;

(ii) Divide the amount determined under paragraph 1 by the amount of the enlargement.

14. As required by section 5 of Regulation 20/98, subject to paragraphs (b) and (c), an education development charge under s. 12 shall not be imposed with respect to the replacement, on the same site, of a non-residential building that was destroyed by fire, demolition or otherwise, or that was so damaged by fire, demolition or otherwise as to render it unusable.
(b) Notwithstanding paragraph (a), an education development charge shall be imposed in accordance with section 12 against any additional gross floor area of any non-residential development on the same site in excess of the gross floor area of the non-residential building or structure being replaced, subject to the following calculation:

If the gross floor area of the non-residential part of the replacement building exceeds the gross floor area of the non-residential part of the building being replaced, the exemption applies with respect to the portion of the education development charge calculated in accordance with the following formula:

\[
\text{Exempted portion} = \frac{\text{GFA (old) x EDC}}{\text{GFA (new)}}
\]

where,

"Exempted portion" means the portion of the education development charge that the board is required to exempt;

"GFA (old)" means the gross floor area of the non-residential part of the building being replaced;

"GFA (new)" means the gross floor area of the non-residential part of the replacement building;

"EDC" means the education development charge that would be payable in the absence of the exemption;

(c) The exemption in paragraph (a) does not apply if the building permit for the replacement building is issued more than five years after,

(i) the date the former building was destroyed or became unusable; or

(ii) if the former building was demolished pursuant to a demolition permit issued before the former building was destroyed or became unusable, the date the demolition permit was issued.

(d) An education development charge shall be imposed in accordance with section 12 where the residential building or structure is replaced by or converted to, in whole or in part, a non-residential building or structure;

15. The education development charge to be imposed in respect of mixed use development shall be the aggregate of the amount applicable to the residential development component and the amount applicable to the non-residential development component.

(a) Where it appears to the Board that the land values underlying the education development charge calculation are predicting higher costs than the Board is generally experiencing over a period of time sufficient to show the discrepancy
with a reasonable degree of assurance, the Board shall consider a motion to study amending the By-law to reduce the charge.

(b) Where it appears to the Board that the land values underlying the education development charge calculation for predicting lower costs that the Board is generally experiencing over a period of time sufficient to show the discrepancy with a reasonable degree of assurance, the Board shall consider a motion to study amending the By-law to increase the charge.

Credits

16. This section applies where an education development charge has previously been paid in respect of development on land and the land is being redeveloped, except where sections 10 and 11, and/or sections 13 and 14 apply:

(a) The education development charge payable in respect of the redevelopment will be calculated under this by-law;

(b) The education development charge determined under paragraph (a) will be reduced by a credit equivalent to the education development charge previously paid in respect of the land, provided that the credit shall not exceed the education development charge determined under paragraph (a);

(c) Where the redevelopment applies to part of the land the amount of the credit shall be calculated on a proportionate basis having regard to the development permissions being displaced by the new development. For example, if 10% of non-residential gross floor area of a non-residential building is being displaced by residential development through conversion, the residential education development charge on the applicable number of units will be calculated under section 9 of the by-law, and the credit will be the education development charge originally paid on the gross floor area being converted subject to the limit in paragraph (b).
